We cordially invite proposals for oral presentations at the 3rd China-Nordic Arctic Cooperation Symposium. Proposals are welcome from researchers affiliated with Nordic and Chinese universities, research institutes, think tanks and organizations. All presentations will focus on Arctic-related issues, within one of the session topics:

- Session I *The Evolution of Arctic Governance: Geopolitical, Legal, and Socio-Economic Issues*
- Session II *The Impact of Scientific Developments on Arctic Strategies*
- Session III *The Framing and Implementation of Chinese and Nordic Arctic Policies*
- Session IV *Trans-Arctic Synergies in Arctic Economic Development*

The China-Nordic Research Center (CNARC) was established in Shanghai on December 10, 2013. It is a network of 11 Member Institutes, five Chinese and six Nordic, which all have the capacities to influence and coordinate Arctic research. CNARC's purpose is to provide a platform for academic cooperation to increase awareness, understanding and knowledge of the Arctic and its global impact, as well as to promote cooperation for the sustainable development of the Nordic Arctic and a coherent development of China in a global context.

The 3rd China-Nordic Arctic Cooperation Symposium is an international and multi-disciplinary event expected to draw researchers, industry representatives, policy-makers and community leaders to present, debate and discuss research findings and issues relating to growing Nordic-Asian Arctic cooperation.
